

華埠安全協會
CHINATOWN
PUBLIC
SAFETY
ASSOCIATION

April 2010

Dear Friend:

More than ever, the Chinatown Public Safety Association (CPSA) needs your support, for truly, public safety is a community responsibility. It is mostly the elderly and the newcomers who come to us for help. CPSA provides them a place to report crime and without translation assistance these crimes would almost certainly go unreported. On Friday, May 14, 2010, we invite you to attend our **28th Annual Awards Banquet** to recognize law enforcement and community leaders. Our theme this year is “Envisioning Community: Honoring Builders of a Better World.”

Since 1982, CPSA, a 501(c) non-profit organization, has been a leader in community-based policing partnering with the LAPD to reduce crime. Today, our borders extend beyond Chinatown and our organization partnerships have expanded to include LAPD, DEA, Immigration, Customs, ATF, FBI, IRS, Secret Service, and others.

CPSA relies primarily on private donations to provide services and assistance for crime victims, outreaches to school children and seniors, a volunteer patrol, and crime prevention education. We hope you will partner with us to make an investment in public safety. Your valuable support will enable us to make our Southern California communities safer.

On the journey together,
